Special Notice:

You may have noticed, we have been adjusting the list prices throughout the entire sale. Effective immediately, we reserve the right to add a 3% convenience charge for credit card purchases. We have reduced the prices to our bottom-line and can't give up the credit card discount charged by the processor. We will suggest payment by check for payment to avoid the additional convenience charge. Over the next few months we hope to have this housekeeping task completed, which will make our pricing structure more reflective of today's market!
